ACTION: Embassy CONSIDERABLE CONTACT

Embtel 206

Ambassador should convey following personal message from

President to President Toure:

QUOTE In view of our warm and friendly discussions early this month, I wish to express ~~sincerely~~ direct to you my personal appreciation and that of the American people for the constructive position your Government has been taking in regard to our efforts to terminate a Soviet threat to our hemisphere and to world peace. This position as expressed to Ambassador Attwood by Diallo Alpha, your Secretary of State for Foreign Affairs, makes it quite clear that Guinea does not wish to become involved in the Cuban crisis by assisting the Soviet Union to build up its dangerous offensive capability in Cuba in allowing Soviet flights to Cuba in allowing Soviet flights to Cuba through or over the territory of the Republic of Guinea.
